

## NAVIGATING THE ABUSE PREVENTION SYSTEM

In order to stay compliant with the Safe Sport Act and keep our camp staff and campers safe, we are required to train all camp staff that interact with minors on how to be mandatory reporters. This includes understanding how to prevent, recognize, and report abuse.

The training system consists of the following:

1. Sexual Abuse Awareness Training
2. Updated Counselor Training Manual, including the Summer Camp Code of Conduct
3. Mandatory Reporter Acknowledgement form

You will receive information on numbers 2-3 in a separate e-mail. For now, we want to introduce you to the **Sexual Abuse Awareness Training**, a 1.5 hour online training by MinistrySafe's Abuse Prevention System.
